OBJECTIVES:

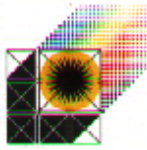

Seeking for a managerial position in the IT department in a leading company.

SUMMARY OF EXPERIENCE:

- Product and Development Manager.
- GIS Specialist and Database Expert.
- Developed GIS programs using Geomedia.
- Developed Internet and Intranet applications and web sites.
- Systems manager of an Engineering Information Systems Project.
- Managed Geographic Information System, Facility Information System, and Maintenance Management System Running Under Windows NT, Oracle and AutoCAD MAP.
- Developed several project management, monitor, and control systems.
- Project leaderships, **systems analysis, design and programming.** Area of project control through network based custom application.
- Developed and customized systems for AutoCAD by Autolisp programming language.
- Contributing Editor for **CAD & GRAPHICS MAGAZINE.**
- Wide experience in using and interfacing between many software package under MS DOS and Microsoft Windows such as:
 - Database:** *Dbase, Clipper, Dbfast, Microsoft Access, Oracle, Q+E, and Centura.*
 - CADD:** *AutoCAD, ASG, Auto Architect, Intergraph, Microstation PC and Geomedia Pro.*
 - Internet:** *IIS, Microsoft Front page.*
 - Project Management:** *PRIMAVERA, Microsoft Projects, Milestone and Micro Planner.*
 - Word processing:** *Microsoft Word.*
 - Spread Sheet:** *Excel, Quattro Pro, and Lotus 123.*
 - Electronic Mail:** *Microsoft Mail, Lotus Notes, and Microsoft Outlook.*
 - Graphics:** *PhotoShop, Harvard Graphics, Photo Styler, Corel Draw, Instant Artist, Autodesk 3D Concept, Microsoft Power Point, and Astound.*
 - Animation:** *3D Studio, Autodesk Animator Pro.*
 - Others:** *Visual Basic, Windows for workgroup, Org Plus, and Windows 95/98 Windows NT.*
- Delivered training for CADD and projects management.
- Designed architectural projects.
- Developed animated presentation for projects by Autodesk Animator pro and 3D studio.
- Registered as **Microsoft Windows 2000** Beta tester.
- Get a professional training at ISO 9000, Presentation Skills and Pullet proof managment.

BUSINESS EXPERIENCE

ZUHAIR FAYEZ PARTNERSHIP ZFP

Consultant engineering
P.O. Box 5445 Jeddah 21422
Jeddah Municipality project
Kingdom of Saudi Arabia
www.zfp.com

GIS specialist and Database Expert

[July 1999 - Present]

- I supervise a team to design and implement the GIS data Jeddah municipality.
- I developed GIS applications using Geomedia applications to control Jeddah maps.

FIS Support Coordinator

[August. 1999 July 2000]

Al-Kharj- Prince Sultan Air Base

- I was responsible of a team of Database administrator, LAN administrator, GIS Specialists, FMS Architects, and Data entry operators.
- Our mission was to implement Engineering Information Systems Project at **PSAB** (*Prince Sultan Air Base*)

ALSULAIMAN INFORMATION SYSTEM SIS

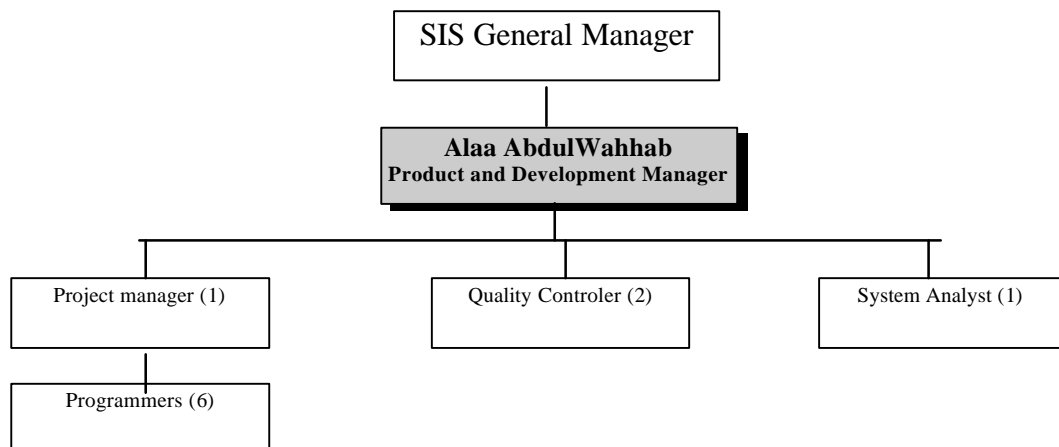

P.O. Box 8054 Jeddah 21482
Kingdom of Saudi Arabia
www.sis.com.sa

Product and Development Manager

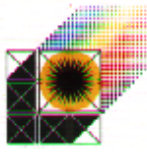

Jul 1998 August 1999

-
- programmers and quality controllers.
- Responsible for client supports.
- Implemented the TQM method to solve the procedure problems
- Implemented a revision control system to control the source code
- Designed Web enabled modules to link the system with the Intranet.
- Designed and Implemented the department Intranet

Product and Development Department - SIS

ZUHAIR FAYEZ PARTNERSHIP ZFP

Consultant engineering
 Jeddah Madina Road P.O. Box 5445 Jeddah 21422
 Tabuk P.O. Box 1533- King Faisal Air Base
 Khamis Mushait P.O. Box 10141- King Khaled Air Base
 Kingdom of Saudi Arabia
www.zfp.com

FIS Support Coordinator

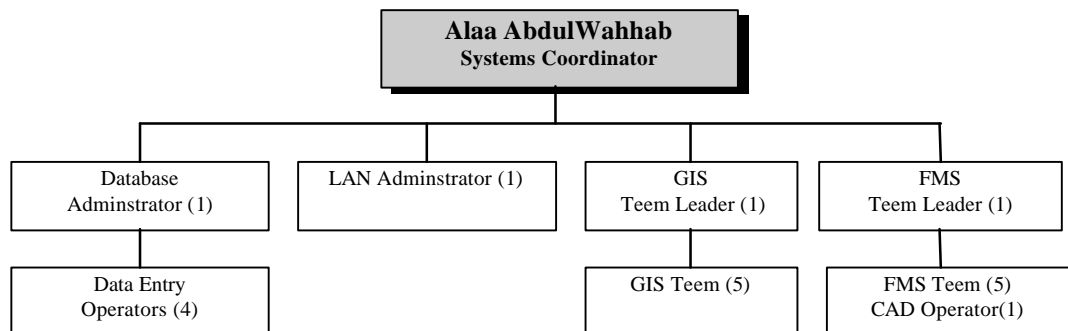

[Jun. 1997 - July 1998]

- I was responsible of a team of Database administrator, LAN administrator, GIS Specialists, FMS Architects, and Data entry operators.
- Our mission was to implement Engineering Information Systems Project at **KFAB** (*King Faisal Air Base*)
- I was responsible for coordinating with the client and supporting the training task.

Systems Coordinator

[Jun. 1994-July 1997]

- I was responsible of a team of one Database administrator, one LAN administrator, five GIS Specialists, one GIS team leader, FMS Architects, FMS team leader, and Data entry operators.
- Our mission was to implement Engineering Information Systems Project at **KKAB** (*King Khaled Air Base*) Khamis Mushait.
- Developed major systems to manage, track, and monitor the project activities through the network (in Khamis Mushait and Taif sites).
 - **Facility management system:** Track and monitor the FMS tasks from survey to data entry, include a data entry module, Create status, Progress, weekly, and monthly reports. Data entry module For BSS survey data.
 - **Geographic information system:** Track and monitor the GIS tasks from survey to data entry, include a data entry module, Create status, Progress, weekly, and monthly reports.
 - **Traffic survey system.**
 - **LAN Admin system:** Track, document, and report the LAN administrator activities including network rights, backup, and hardware tracking.
 - **Administration system.**
- Wrote a procedure manuals that describe the work activities for **ISO 9001** audit.
- Initiated and administrate the Local Area Network (Novel NetWare 3.12, 4.11).

MARWAN ASHOUR

Consultant engineering
Jeddah Sitten St. P.O. Box 14178 Jeddah 21424
Kingdom of Saudi Arabia

Systems Engineer in Samarec

[Sep. 1990-June 1994]

- I have been assigned as a consultant to  Saudi Aramco (former  samarec Corporate Engineering in Engineering services department
- I was working Engineering Support Department.
- I was responsible for performing programming and system engineering tasks ,
- I Lead a team to **analyze, design and code** of the following major systems (work under Banyan network):
 - **DRAWING INTEGRATION TASK FORCE** Database Administrator of the project to assimilate former samarec drawings to Saudi Aramco drawing standard using MS Access.
 - **Samarec** Corporate Engineering **PROJECTS INFORMATION DATABASE**
 - Perform *Editing & monitoring of project information for manager and projects engineers.*
 - *Enable to create Weekly, Monthly, Quarterly and Annual status, statistical and Executive reports.*
 - *Petroleum minister's monthly report.*
 - *Interface between database, AutoCAD & Intergraph to create comprehensive and detail **Bar chart reports.***
 - *Interface between database & post script language to create comprehensive and detail **Bar chart reports.***
 - *Producing special reports format by Microsoft Word, Excel, Harvard Graphics & Quattro Pro*
 - *Interface between database & PRIMAVERA projects planning.*
 - **Consultants / contractors pre qualification** system.
 - **Drawing management system** to control projects drawing sheets.
 - **Personnel system** for samarec permanent employee and temporary manpower.
 - **Hardware tracking system** for samarec hardware facilities.
 - Producing **ESS Newsletter** November 1991.
- Also I have successfully completed system analysis, design and coding the following projects:
 - **samarec** Distribution Division *projects information database.*
 - **samarec** Distribution Division *pipelines information system* Integrated between Dbase and CAD.

Publication:

- I was Contributor Editor for **CAD & GRAPHICS MAGAZINE.**

Systems Engineer in Marawan Ashour

[Jun. 1989-June 1994]

- I developed AutoCAD **Font** and program to change shapes from AutoCAD drawing to Font file.
- I developed a program to migrate AutoCAD drawing with **M-Strudle structural** program.
- I developed a **structural program** working from inside AutoCAD to draw and design foundation and column.

- I produced **contour maps** and customizing integrated system between SDRmap, AutoCAD, Autolisp & Microstation PC Software for **KAIA** (*King Abdulaziz International Airport*).

Instructor

- Teaching in a course for Advanced **AutoCAD** in co-operation with "Engineering Committee" Jeddah Training Center From May 1991.
- Teaching in a course for **Projects Management** in co-operation with "Engineering Committee" Jeddah Training Center From May 1991.
- Teaching in a course for Advanced **AutoCAD** Release 11 in co-operation with "Engineering Committee" Jeddah Training Center From 31 Oct. 1991.
- Teaching in a course for architectural drawing using **AutoCAD** in a co-operation with "Tehama training center" Jeddah From 23 September - 13 October 1989.
- Teaching in a course for architectural drawing using **AutoCAD** in the office From 20 Dec. 1989 till 1 Feb. 1990.
- Teaching in a course for architectural drawing using **AutoCAD** in co-operation with "Engineering Committee" Jeddah Maryot hotel From 17 - 22 February 1990.
- Teaching in a course for architectural drawing using **AutoCAD** in the office From 10 March - 10 April 1990.
- Teaching in a course for architectural drawing using **AutoCAD** in the office From 10 March - 10 Apr. 1990. "Teaching was in English language".
- Teaching in a course for **Design & structural analysis** in co-operation with "Engineering Committee" Jeddah Holiday In hotel From 12 - 17 May 1990.

Contribution in Exhibition:

- Subsidied in Jeddah exhibition for computers May 1991 and demonstrating the office projects on computers.
- Subsidied in Jeddah exhibition for computers from 25 February. - 1 Mar. 1990 and demonstrating the office projects on computers.

Architect

[Jun. 1989-June 1994]

- Executing the elementary and final drawing for "**Heraa International Souk**" (484 shops) in Jeddah using **AutoCAD** (167 drawings) and **Autolisp** for aiding in the projects drawings.
- Executing preliminary and final drawing several projects in the office.

MEDHAT ELSHEIKH

Consultant office
4 Ahmed Naseem Street, Elgiza,
Cairo, Egypt.

Architect CAD operator

[Nov. 1988-May 1989]

- Develop drawing tools using **Autolisp** programming language fascinating architecture drawing drawn by AutoCAD.
- Supervising a project to manipulate *Arabic letters in AutoCAD*.
- *Customize AutoCAD* by made an architecture library driven by icon menu.
- Draft the resort of Medicine syndicate at north cost of Egypt Using AutoCAD.
- Using AutoCAD in drafting of Bahrain student club project and 3 villas in Cairo.

CONSULTANT

Dr. Nabil ElSarrag
Dr. Magdy Mosa
Behind 249 Gamal AbdelNaser St. Zawbaa building
Alexandria, Egypt

Architect CAD operator

[Mar 1988-May 1988]

- Performing the artwork using AutoCAD ver 2.6 for the Misr Insurance Co. competition for commercial center at Giza on an AT computer by made a programs by Autolisp programming language and win the first project.
- I was holding a position of teaching assistant in Faculty of fine art, university of Helwan (Alexandria branch) postgraduate section with Prof. Dr. M. Safi Eldin. I was teaching drafting and animation using GW-Basic.
[Mar 1988-May 1988]
- I was also holding a position of teaching assistant in Faculty of Engineering, Alexandria University, Mechanical section with Prof. Dr. Hasan Warda. I helped in using AutoCAD Mechanical engineering of the graduate project.
- I made the architectural design and working design of chemist Samy ElGindy *villa* (my own design as a private business) in King Maryout, Alexandria.

**Architect Computer programmer**

[Mar 1986-Mar 1988]

Practiced Architecture and partly civil engineering activities on an IBM PC/XT microcomputer involving:-

- Architectural design using AutoCAD.
- Programming in *Basic*, *FORTRAN* & *Lisp*
- English And Arabic Word Processing.
- *Project Management* on computer and CPM methods [*Pert Master*, *Super Project*, *HTPM software*].
- Accounting and company administrative work using Dbase and Lotus 123.
- *Soil test reporting and pile test reports using Basic and Lotus 123.*

Official Education:

University: B. Sc. of Architecturet. [1988]
 Alexandria University,
 Faculty of Engineering,

Secondary School: Kafr ElZyat Secondary School. [1982]
 Preparatory: Gabal Towik, Riyadh. [1979]
 Elementary school: Al-Emam Mohammed Abdou Mehala. [1976]
 Languages: English, Arabic, and French .

Professional Training:

- **ISO 9000 Quality Awareness:**
 By DCS International Limited, 20 March 1995.
- **PRESENTATION SKILLS COURSE:**
 By WILLIAM G. KENNEDY-LONG June 1998
- **BULLETPROOF MANAGER:**
 By CRESTCOM COMPANY Nov. 1998 May 1999

Patricia Fripp	Bob Pike	Nido Qubein	Dr. Jim Henning
How to create a customer service environment	How to conduct more effective Staff meetings	The art and science of strategic planning	The psychology of successful negotiating
Nido Qubein	Dr. Jim Hennig	Zig Ziglar	Patricia Fripp
Coping with change: Strategies For excellence	message (listing / body language)	How to respond (not react) to life	Team building: how to build a winning team
